Watch the video below

Ask an adult to work with you to make your own sandwich - it doesn't have to be anything fancy. Think carefully about the different steps of making a sandwich and the equipment you are using.

Maths – Time (Days of the week and months of the year)

Listen to the song about the days of the week - <https://youtu.be/3tx0rvuXIRg>

Reading

Children love to be creative when it comes to drawing, and illustrations add visual imagery to stories.

What you'll need:

Drawing paper

Pens and pencils

Magic markers or crayons

What to do:

Find a fable, fairy tale, or other short story for your child to read. Then ask your child to illustrate a part of the story he or she likes best or describe a favourite character. Ask your child to dictate or write a few sentences that say something about this picture.

Phonics – see the additional sheet

PE

Today, the children usually learn skills that they would use in competitive sports. If you can get out in the garden, try practising some of the following skills.

Throwing and catching with different sized balls if available.

Moving and catching.

Moving and throwing.

Remember you can always keep the children fit and entertained with 'PE with Joe'.

RE

We are now reaching the end of Lent and Easter will soon be here. It is now a good time to reflect on our Lenten promises and think about the story of Jesus' last days.

Can you remember any of the promises that you made at the beginning of Lent? Has it been difficult trying to keep them?

Look at the Powerpoint about the Easter Story <https://www.twinkl.co.uk/resource/t-t-5074-the-easter-story-powerpoint> (Password to enter: UKTWINKLHELPS).

Talk though it with your child. If you can, print off the flap book for your child to colour in and annotate <https://www.twinkl.co.uk/resource/t-t-17573-easter-story-writing-flap-book>.

They can either talk through each of the pictures together with you or they can write a short version of the story.
