

# Year 6 Newsletter 4th October

## Important information:

Year 6 have all really impressed the Year 6 team again this week! They have all followed the golden rules brilliantly and they are working so hard. We had such fun in music this week and are building up to writing our own story based on Titanium.

Our netball team also did a fantastic job on Wednesday. They played 4 matches for the league – winning 2 and drawing 2. An amazing start! Not only did they play well, their attitude was outstanding!

Please ensure you have sent back your London permission slip and your bikability letter.

We have also had this week Miss Barker join our year 6 team! She will be working with us all the way until January 30<sup>th</sup>. Please welcome her to our fabulous Year 6 class.

## Homework:

Homework is going really well but sometimes there is some confusion as to whether children have completed the tasks. If they complete it at home or school, it is always recorded on the teachers system so don't worry about how many tasks it tells the children they have done.

This week please complete:

Spelling shed practice

Reading 4 times

Studyladder – 2 maths activities for multiplication and one art activity (not watching a video this time! Try one of the paint it/draw its)

If you have any questions, please ask any of the Year 6 team.

Mrs Bancroft, Mrs Browne and Miss Barker.
